2.1. Studentkåren rapporterar

- MDU Welcoming
The Welcoming HT24: They wish for a few people to represent the LFs in the work/planning for The Welcoming (preferably two). Discussed feedback on what we think about The Welcoming HT24- especially the food trucks and queue system outside. Talked about the events on stage and how we can make it even better for next time. Brought up that Västerås is probably more inclined towards songs rather than dance.
The Welcoming VT25:
- The winter edition 2025
Location: Västerås, Date: Thursday 23 January 17:00-19:00. Will be done similarly to last year. Activities

like introducing the LFs, music quiz, et cetera. Would like us to give suggestions of other activities if we come up with any. Preferably will all LFs join during The Welcoming even if they do not have Rookies. Food: possibly pizza from Rosenhill. If there is information about food allergies in advance, send it in as soon as possible.

- LF Storage
The electricity is not connected to the panels (card readers)- can currently not access LF rooms or storage. Some people have lost access- please send an email to event@mdsu.se with the names and card numbers of those who need access. Our access is only valid until 22:00- would wish to get this information announced more clearly. During weekends we possibly need access later than 22:00 since we often have sittings that last later than that. They are getting stricter with the times and access because of security. Shervin will check regarding the empty storage unit and also card access times.
- Decoration for G6 and J3 for LFs
Small flags (vimplar) of all the LFs. Changing the two big backdrops for MDSU. When you have an event at Kåren, paint one of the ceiling tiles to hang up. The black wall in the entrance, maybe we can paint the LFs logos there?
- Halloween Party
November 1st, 20:00-01:00. There is going to be a DJ (same as TOGA party). Send song suggestions to Shervin so he can send it to the DJ- 3 days before the party!. Maybe a shared Spotify playlist between the LFs. Tickets for the bus back and forth between Västerås and Eskilstuna. Depending on how many tickets are sold, there might be a possibility of selling. So far we have sold around 160 tickets. Maybe we are able to ask Jirik to extend the times of the party (start later, end at 2-3 am?). Is it possible to have two bars? Because everyone will not fit in only the "sal". Would like to have a separate bar for shots and drinks- is it possible. Remind people not to drink upstairs at Kåren. How many +1 tickets can one person buy?. No limit to how many tickets can be sold- Jirik says his limit is at around 800-900. Let MDSU know if you want to volunteer to help out with decorations.
- Publik
Any requests from them needs to be sent to MDSU (because they can make it for all the associations and are also working with the city samverkan which have collaborations with a lot of companies). There will be 100 VIP cards for us to have free access 23:00-00:00 (not official yet).
