2.1. Studentkåren rapporterar

- Welcoming feedback
What do you think in this winter? It was very fun, Kåren and Sexet have good collaboration. What do you think about the time of the event? ALF says their rookies would be with them. They liked the event in Autumn. We are thinking of another option, we are thinking of changing the time. Many students didn't like the foods in welcoming. Last year MDU had better foods options. Also, students think there was not enough water. Some students didn't like it not to reach the restaurant area. The activities were fine, but next year they want to have more bracelets because this year the bracelets area was crowded and there was not enough bracelets area. Many students have good feedback for the companies in the welcoming. Also, the bus time wasn't clear, many students panicked. We have many students that are over 25 or 30, and those students can't fit in welcoming and welcoming parties because most students were under 25, so many students think we can have something related to these ages.
- LF project group for next welcoming
MDU wants to have project group in next welcoming. Kåren wants to work together with project group. Basically, brainstorming is with MDU and Kåren. The project group will be responsible in different areas in the welcoming. Any students are welcomed.
- Rookie period
Welcoming party was fun. Lots of people loved it. Every association helped to clean after the party, and it was great. Next time Kåren can borrow the party lamps. Next time maybe the welcoming party's ending time could be later. Students think there should be more games in Quiz Nights.
- Big Ceremony
Kåren is planning to have Big Ceremony on May 30 in Västerås and will have free buses for Eskilstuna. Do you have an event or anything else on this date?
Most of associations didn't decide anything on May yet so everyone is thinking it's good idea but Kåren needs to be clear on this date so the students will not put anything on this date.
