## 2.1. Studentkåren rapporterar

- Moving the LF rooms to the ground floor

Peter Liljenstolpe (Campuschef & Säkerhetschef, FD) & Cecilia Bjursell (Prorektor), they will discuss their idea and hear students' opinions regarding moving the LF rooms to the ground floor.

Protocol notes:

Deputy vice chancellour and chairperson for the house foundation in Västerås and Eskilstuna. Discussions have been brought up on how to create a better environment for students in the union house. Jirik wants to reduce the space in the contract. This brings up the question of what to use the leftover space for. The observed areas that need to be filled. Some ideas have been brought up. Two external companies have sought interest in the new spaces. Jensen is interested to rent the space for their students between 10-14. The idea then would be to have the Jensen students downstairs during 10-14 and the LF students upstairs during that time. A common idea is that students want to have their own space that they feel is their own.

There are raised concerns of finances in student associations. One person raised the feeling of students "owning" the space because it is upstairs.

One idea to make the space feel more like the students own space is to not state that it is owned by MDU. If the new system for the big hall would become harder it could severely affect the student life.

There was a concern raised about how alcohol would be handled in the case that they want to have a siting in the big hall.

Take into consideration that the lunch line can be long and the number of places to sit down is not always enough.

When the workgroup has worked on the ideas and data it should be presented

Booking system for sitings and meeting spaces.

There has been a survey regarding what students think about renovating the union house. The questions try to answer what students want in the renovation, and what they don't want to change.

- Welcoming feedback

It was really cramped in space

Placement of the stage was kinda bad as it created two narrow paths for students to go through  
LF were disappointed in the song they got from the

The Welcoming is setting a high standard for the rest of the year, but the rest of the year is not as big.

Involve LF more in The Welcoming.

Stations were hard to find

Specialkost was hard to get your hands on if you wanted them.

Many people asked the question if there as food even.

Spend more money on other events aswell

- LF project group for next welcoming

MDU wants to have a project group in the next welcoming. Kåren and project group work together. It's basically brainstorming. Any students are welcomed. Please let us know if you are interested.

- Rookie Period

It was fun.

Information between MDSU and the generals, specifically regarding being on stage. This could be due to the information from MDU was sent to the board members.

A survey for the spring rookie period will be sent out. Anyone can answer, but the survey will only be

- Big Ceremony

Not call it ceremony. If it's only for student representatives, it could be called "Appreciation awards". Target group is important, is the target group student representatives, LF students, or all students? It should be related to students associations.
